Can you help?

We are researchers from the NSPCC who are looking for 18-24 year olds who have experienced abuse (of any kind) in their childhood and are willing to share their experiences with us to help us with our research project. To make this project as good as it can be, we need your help!

What you get

There is a £30 gift voucher to thank you for all your time, and we will cover your expenses. We will also give you access to support if you want it.
